### **KOHLER CREDIT UNION OPENS GRAFTON BRANCH**

KOHLER, Wis.—Kohler Credit Union proudly announces the opening of their Grafton Branch.

The opening was celebrated with a ribbon cutting ceremony on Monday, December 1.

Representatives from Kohler Credit Union, La Macchia Group and the Village of Grafton were on hand for the ceremony. The branch, located at 2550 Washington Street, is the eighth branch for the credit union with branches also located in Saukville, Kohler, Sheboygan, Plymouth and Howards Grove.

“We are excited to be in Grafton. For 70 years, our focus has been set solidly on meeting the needs of our member-owners. This includes providing the services and products they desire as well as partnering with the businesses in the communities we serve. We look forward to planting our roots; being engaged corporate citizens; and working to become an integral part of the community. Grafton is a great place and we will work to show our commitment to the community.” said Tony Klockow, Kohler Credit Union’s president. Sue Miller, regional branch manager, says of the recent opening, “We’ve already seen an influx of new member-owners excited to be part of a credit union. Our proximity to the interstate and businesses provides added convenience to our member-owners. We look forward to serving the residents of Grafton and the surrounding areas.”

The Grafton Branch is a full-service branch offering teller services, business accounts, and mortgage and lending services in addition to drive-thru services and an ATM. Kohler Credit Union membership is open to anyone who lives or works in Sheboygan, Ozaukee, Washington, Calumet, Fond du Lac, and Manitowoc County.

Established in 1938, Kohler Credit Union is a community chartered credit union with over 31,000 members and assets of \$225 million.

La Macchia Group, based out of Milwaukee, handled the site planning and engineering for the development.
